## Water Cover

Please be advised that the Carnival **IRB roster** has been distributed to Clubs. The roster will be the minimum requirement for the conduct of South Australian carnivals.

Clubs are required to provide a fully equipped (with radio), operational IRB with competent crew (1 x driver and 1 x crew) able to handle the conditions on the day. Crews may be interchanged during the day however this is the responsibility of the club. Please note that host clubs will also be required to have a backup IRB in case of breakdown. IRB crews will be required to report to the Water Safety Officer no later than 7:30am for allocation to their area. Crews will be required to lay their respective area cans, provide appropriate water cover throughout the entire carnival program and retrieve cans at the conclusion of the day.

A carnival Patrol Log is available for recording hours and is located in the carnival caravan or marshalling tent. This

patrol log will be completed on the day and duly signed at the completion of the carnival event activities; all hours will be logged by SLSSA into Surf Guard. The following IRBS's have been allocated for the Port Noarlunga Carnival.

As outlined in the Junior Activity Handbook, each Club is to supply qualified (proficient Bronze Medallion or Surf Rescue Certificate) water safety person/s with a SLSA approved rescue tube or board for the duration of the carnival. Clubs' duty of care to their own members should see them equip their person with a Rescue Board on inclement weather days so they are not physically in the water too long.

These people are to sign on at the Marshalling Desk by **NO LATER THAN 7:30am** – in the Carnival Patrol Log Book. They will then be allocated to a competition area depending on conditions, events and participant numbers. Clubs should ensure their person is adequately protected from the elements (i.e. sunscreen, shirt/rash top, hat where possible, wetsuit & blanket if cold etc) and should have a **person to substitute**, especially when weather conditions warrant such.

Qualified water safety persons are those who are registered members of SLSSA and hold current award proficiency for the Bronze Medallion (50% must hold Bronze Medallion) or the Surf Rescue Certificate.
